Planning and Development Act 2007, s139

GREENHOUSE GAS EMISSIONS STATEMENT

To be completed and uploaded via eDevelopment with DA

This document must be attached to a development application that exceed the amount prescribed in Section 25AA of the *Planning and Development Regulation 2008*.

Lease/Site Details *Please Print*

If more than one lease/site, attach the following details for each lease/site

Block/s	<input type="text" value="1582"/>	Section	<input type="text"/>	Suburb	<input type="text"/>
District	<input type="text" value="Belconnen"/>	Street Address	<input type="text" value="135 Stockdill Drive"/>		

Description of Development Proposal in Operation *Please Print*

Temporary Relocation of Canberra Sand and Gravel operations from Belconnen landfill site.

Operations include the receipt of green waste for mulching and resale

Throughput is approximately 20kt per year, but it is predominantly mulched rather than composted

Applicant Details *Please Print*

Applicants Name

Applicant Signature

Date

Development information

Select development type		
Single dwelling residential	Multi-unit residential	Estate development (residential)
Commercial	Community facility	Estate development (industrial)
Mixed-use	Industrial	Rural
Capital works	Other – <i>please describe</i>	<i>Describe other</i> Temporary Use, Green Waste

Select type of report	
Voluntary	Mandatory - Above 250 TCO ₂ per year

Gas Use		
Select gas use in development	Space heating	Water heating
None	Kitchen	Water heating - pool
Industrial Process	Laundry	Other
Estimate gas use (GJ/year) and emissions (TCO₂/year)	<i>Enter gas use</i> 0	<i>Enter gas use emissions</i> 0

Industry Only - Diesel Use		
Select diesel use in development		
None	Power generation	Plant and Machinery
Other	Transport <input checked="" type="checkbox"/>	Industrial process <input checked="" type="checkbox"/>
Estimate diesel use (kL/year) and emissions (TCO₂/year)	Enter diesel use Data not readily available	Enter diesel use emissions 176 (est)

Industry Only - Other greenhouse gases		
If industry, do you know of other releases of greenhouse gases?		Yes / No <input checked="" type="checkbox"/>
If Yes, please list and estimate amount(s) of other greenhouse gases released (TCO₂/year)	<i>List sources below</i>	Enter source emissions
	Incidental composting/mulching	Enter emissions 230 (based on composting 5kt per year using NGER)
		Enter emissions

Actions to reduce emissions (optional)
List any actions that you have taken to reduce or avoid emissions
This facility helps to divert organic material from landfill where it would produce greater emissions.

Carbon Sequestration (optional)		
Are you sequestering carbon dioxide in the development?		Yes / No <input checked="" type="checkbox"/>
If Yes, please describe and estimate amount (TCO₂/year)	<i>Describe sequestration</i>	<i>Enter emissions reduced from sequestration</i>

TOTAL Greenhouse gas emissions released per year (TCO₂/year)	DATE 2022	Enter total emissions 406 (estimate)
Are you nominating a zero emissions development?		Yes / No <input checked="" type="checkbox"/>
